How OneShare Health Works to Stretch Your Healthcare Dollars

OneShare Health participates in Freedom of Choice. This means that we do not restrict our Members to doctors in/out of network. We offer you the opportunity to go to the doctor of your choice. To maximize your healthcare dollars, check out a few of these tips.

1. Smart Virtual Care:

Smart Virtual Care visits are always 100% shared at OneShare Health, meaning this is at a \$0 cost to you, and is available day one of your Membership!

We are thrilled to see how many people have registered with Clever Health

and are getting the medical care they need when it's convenient. Currently, we have a total of 3,755 Members using Clever Health and a total of 11,443 individuals (including dependents and spouses).

If you haven't downloaded the Clever Health App, now is a great time!

2. Finding A Doctor

At OneShare we know how important it is to visit a doctor you trust. Our Members have access to an easy-to-use Provider Locator tool, which lists the doctors who have an existing relationship with OneShare or one of our partners.

To search for a doctor or Provider, go to mychoice.onesharehealth.com

3. Finding a Facility

Are you worried that the Facility you visit for a procedure is considered Out-of-Network? No need to worry anymore! At OneShare, we provide cost sharing to any accommodating Inpatient, Outpatient, Hospital, Surgery Center, or Clinical Lab Facility for Eligible services under your chosen Program.

If you need to schedule services at one of these settings, call OneShare Health at least 10 days before your visit so we can help you find a Facility.
