

To Our Valued Producers,

We are excited to announce that, as OneShare Health continues to grow, we are updating our Member Programs to include some very important features! Through our partnership with IBH Population Health Solutions, OneShare Health Members will have access to Behavioral Health Services with their Program Memberships. Right now, the IBH Behavioral Health / Member Assistance Program (MAP), in partnership with OneShare, is available to all your existing and future Members of the Catastrophic, Classic, and Complete Programs. We are sending out Member communications regarding this addition to their Programs.

The Behavioral Health / Member Assistance Program (MAP) provides innovative, technology-based tools and Work-Life treatments for substance abuse, behavioral health, and wellness management through the following services:

- **Confidential Counseling:**
 - Up to four (4) face-to-face, video, or telephonic counseling sessions for relationship and family issues, stress, anxiety, and other common challenges.
- **24-hour Crisis Help:**
 - Toll-free access for you or a family member experiencing a crisis.

The purpose of MAP is to transform lives through behavioral health and wellness engagement, and to deliver clinical expertise, coordinated care, and excellence in customer service that will promote positive outcomes and a return to well-being. Now, our Members will be able to attain optimal health via an extensive Resource Center that addresses Legal, Financial, and Family care matters, COVID-19, and more.

For more information about the Behavioral Health / Member Assistance Program, please refer to the attached flyer or reach out to our Producer Support Team by calling (833) 546-4477, Monday–Friday, 8am to 5pm CST.
