As we continue to grow, we will occasionally make changes to our current Programs and Features to provide the best-possible offerings for our Members.

That being said, we will be implementing Member Contribution rate changes on a state-by-state basis so that, moving forward, our new and prospective Members have the most accurate representation of competitive rates in the industry! We are relying on you, our valued Producers, to make sure you understand this important information regarding our state-based rates based on Primary Members' resident state.
