How does Smart Virtual Care work?

- **Step 1:** Download the app (see instructions below).
- **Step 2:** Select which family member needs care.
- **Step 3:** Fill out intuitive, smart questionnaire.
 - Once completed, the smart questionnaire is then reviewed by a Provider, who sends the diagnosis, treatment plan, and prescription (if needed) back to the Member via the app.
 - In some rare cases, the Provider will initiate a call with the Member for further evaluation and/or clarification before sending their diagnosis, treatment plan, and prescription if needed.

Here's what our Members have to say about Smart Virtual Care:

"Very responsive and timely"
"This was my first experience, and it was quite pleasant"
"Super helpful, thank you"
"Thank you for helping me"
