# Who is OneShare Health?

OneShare Health is a medical cost-sharing ministry providing a unique, affordable, ACA-exempt path to healthcare. OneShare Health is not insurance. With origins in the Anabaptist faith and a chaplain on staff, we are a Health Care Sharing Ministry that welcomes and unites those who agree with our core biblical principles and Statement of Beliefs relating to life, health and caring for others.

With industry-leading Membership Programs and an unparalleled Member experience, OneShare Health continues to grow our nationwide family. Daily, our Members, clients and partners are introduced to simple, more rewarding answers to health care. Our core values can be summed up in related biblical commands. The first is to thoroughly love both God and neighbor (e.g., Matt. 22:36-40; Mark 12:28-34; Luke 10:25-28), the “greatest commandments” in all of Scripture. The second is to carry the burdens of others (e.g., Galatians 6:2) and care for them as one would oneself, often called the Golden Rule and epitomized in the Parable of the Good Samaritan (Luke 10:25-37). This was the ministry of Jesus, and OneShare Health is passionate about finding creative and inspiring ways to facilitate such ministry to and among Members, staff and other charitable organizations.

By contributing their monthly Membership amounts, Members are sharing one another’s medical expenses and demonstrating the love of God to the entire community. This sharing also demonstrates that the community can come together in mutual love and respect, no matter the background of the individual or family.

The staff of OneShare Health is committed to putting Members first with the mission to inspire healthier, joyful communities on the path of life, using Scriptural principles to connect people of similar faiths in a quality Health Care Sharing Ministry.

OneShare Health provides Members with national Provider Network access for medical needs, including hospital, surgical, emergency room, urgent care clinics, primary care physicians, and specialists.

OneShare Health seeks to help support ministries within the United States and around the world. OneShare Health feels a great purpose in helping Members share their medical needs and showing the love of God to the entire community.

“Carry each other’s burdens, and in this way you will fulfill the law of Christ.”  
Galatians 6:2 (NIV)

**We Believe** that every individual has the constitutional and religious right and duty to worship God in freedom.

## Guidelines and Disclosures

**Administration** - Upon receiving an eligible medical need from a Member or Provider, OneShare Health will assign the medical need for sharing in accordance with the Guidelines, less the amount required to be pre-shared (Individual Sharing Amount). Voluntary Membership contributions are received from each Member monthly. Up to 40% of Membership contributions may be applied towards administration of the Health Care Sharing Ministry, charitable causes, and general overhead costs. This does not include third party contracts and distribution compensation.

In any given month, the available sharing funds may or may not equal the amount of eligible expenses submitted for sharing. If eligible expenses exceed the available sharing funds to meet those needs, any of the following actions may be taken:

1. A pro-rata sharing of eligible expenses may be initiated, whereby the Members share a percentage of eligible medical expenses within that month and hold back the balance of those expenses to be shared the following month, or
2. The monthly Member contribution may be increased in sufficient proportion to satisfy the eligible expenses. This action may be undertaken temporarily or on an ongoing basis. Administrative costs are subject to change by OneShare Health.

An annual administration fee of \$45.00 is due from each Primary Member upon their Program Year anniversary.

**Canceling Membership** - If you wish to cancel your Membership in the OneShare Health programs, you are required to submit notice to OneShare Health in writing 15 days prior to the end of your current month. Your sharing opportunity will end the last day of your current month. Canceling your OneShare Health Membership does not meet the requirements for a Qualifying Life Event (QLE) under the Special Enrollment eligibility for the Affordable Care Act.

**Cancellation Due to Non-Payment** - If your monthly recurring contribution attempt is declined and has been attempted three times with no approved transaction, and the amount attempted remains unpaid on the next occurrence of your billing day, your Membership will be reviewed for nonpayment and pending cancellation status. If you are placed in nonpayment, a nonpayment notice will be issued communicating a date that your Membership will be cancelled if the minimum contribution is not paid. If this date passes and the minimum contribution is not paid, your Membership will be cancelled as of the date communicated in the nonpayment notice. Cancellation due to Non-Payment of your monthly contribution does not meet the requirements for a Qualifying Life Event (QLE) under the Special Enrollment eligibility for the Affordable Care Act.

## Guidelines and Disclosures

### **Coordination of Payments** - the following will apply:

- If a Member has an insurance policy in addition to participating in the OneShare Health program all medical expenses must be first submitted to the other payers. Once a decision has been made by the other party, the Member may then submit the expenses for an eligibility determination under their sharing Membership. Proof of decision from the other payer will be required when submitting the expense. If proof is not submitted, the sharing request will not be considered. The Member expense sharing request will be reduced by the amount that was received from the other party. If there is a delayed reimbursement from another responsible party, the amount received must be forwarded to OneShare Health to help with other Members' needs, and this amount must be up to or equal to the amount that was shared by OneShare Health.
- If a Member participates in more than one health care sharing ministry, expense sharing may only be requested from one of the ministries at a time. The program where the Member has participated the longest will have first responsibility to review the medical expense for eligibility and make their determination. Should there be any unpaid amounts, those can then be submitted to the second ministry for sharing. Proof will be required of the amount shared by the first ministry for consideration under the OneShare Health program.
- OneShare Health facilitates the sharing of eligible medical bills only after any other responsible parties have paid. If another party is allegedly responsible or liable for a medical bill, OneShare Health may wait to share any bills until that party has paid in full. If OneShare Health shares a bill for which another party is fully or partially responsible, the Member agrees to reimburse OneShare Health for all such bills shared when the responsible party pays the Member for any part of the bill.

**Other Available Assistance** - If any other organization is willing to pay any portion of a qualifying medical bill and the Member refuses to accept this payment, the Member has then chosen not to have that portion of the bill shared. Funds raised by crowdfunding for shareable medical expenses must be reported to OneShare Health and will be applied to reduce the shareable amount. If government assistance is available, the Member must (a) accept it, or (b) forfeit sharing eligibility for the portion that the government program would have covered. If Medicaid is available, it must be used prior to OneShare Health sharing the expenses.

**Modifying Membership Size** - To modify your Membership with the OneShare Health, whether increasing or decreasing your Membership level, a written request must be made. If the request results in an increase or decrease of Membership Contribution Amount, you will be notified in writing. Acceptance of these new terms must be made prior to your next monthly contribution. If a refund is due, it will be processed according to the refund policy. Your submitted sharing request will be considered based upon the date of service and program Membership in effect on that date.

# Dispute Resolution and Appeal

OneShare Health, LLC is a voluntary cost sharing ministry, religious and charitable association of like-minded people who come together to assist each other by sharing medical expenses. As a health care sharing ministry, OneShare Health does not contract with Members to provide medical care, it does not offer insurance, it makes no assumptions of legal risk, and it does not promise or guarantee that medical expenses will be paid or shared by the Membership. Unpaid medical bills are always your responsibility. However, for those unique situations where Members are concerned or dissatisfied with their Membership experience, OneShare Health has created a dispute resolution process that is consistent with our shared biblical beliefs about resolution within our community rather than by civil courts (1 Cor. 6:1-8).

By becoming a Member of OneShare Health, each Member agrees to use the following Dispute Resolution and Appeal process as the exclusive means for resolving legal disputes and to not file a lawsuit. The Member agrees not to engage in litigation against OneShare Health, its affiliates, nor its staff or directors for any reason related to health care or Membership.

1. Level One – Member Services Appeal: Many concerns can be resolved by calling Member services.
