Who is OneShare Health?

Scripture tells us that we should carry one another's burdens through prayer and encouragement. That's why it's OneShare Health's Mission, as a Health Care Sharing Ministry, to help Christians share each other's Medical Expenses by providing affordable sharing programs which align with their beliefs. With origins in the Anabaptist faith and a chaplain on staff, we welcome and unite those who agree with our core biblical principles and Statement of Beliefs relating to life, health, and caring for others.

With industry-leading Membership Programs and an unparalleled Member experience, OneShare Health continues to grow our nationwide community. Everything we do comes from these related biblical commands.

The first is to thoroughly love both God and neighbor (e.g., Matt. 22:36-40; Mark 12:28-34; Luke 10:25-28), the "greatest commandments" in all of Scripture.

The second is to carry the burdens of others (e.g., Galatians 6:2) and care for them as one would oneself, often called the Golden Rule and epitomized in the Parable of the Good Samaritan (Luke 10:25-37).

OneShare Health is passionate about finding creative and inspiring ways to facilitate ministry to and among Members, staff, and other charitable organizations.

By contributing their monthly Membership amounts, Members are sharing one another's Medical Expenses, supporting ministries within the United States and around the world, and demonstrating the love of God to the entire community.

Statement of Beliefs

With our origins in the Anabaptist faith:

WE BELIEVE

... in the authority of Scripture and the sanctity and dignity of every human life created by God with special meaning and purpose.

II Timothy 3:16; Psalm 139:13-14

... that every individual has the constitutional and religious right and duty to worship God in freedom.

II Corinthians 3:17; U.S. Const. amend. I

... and agree in the biblical and ethical principle of sharing with those who are less fortunate and who experience medical needs.

Galatians 6:2

... and agree that it is our responsibility to God and our fellow Members to engage in accountable, healthy living, and to avoid habits and behaviors which are harmful to the body.

I Corinthians 6:19-20

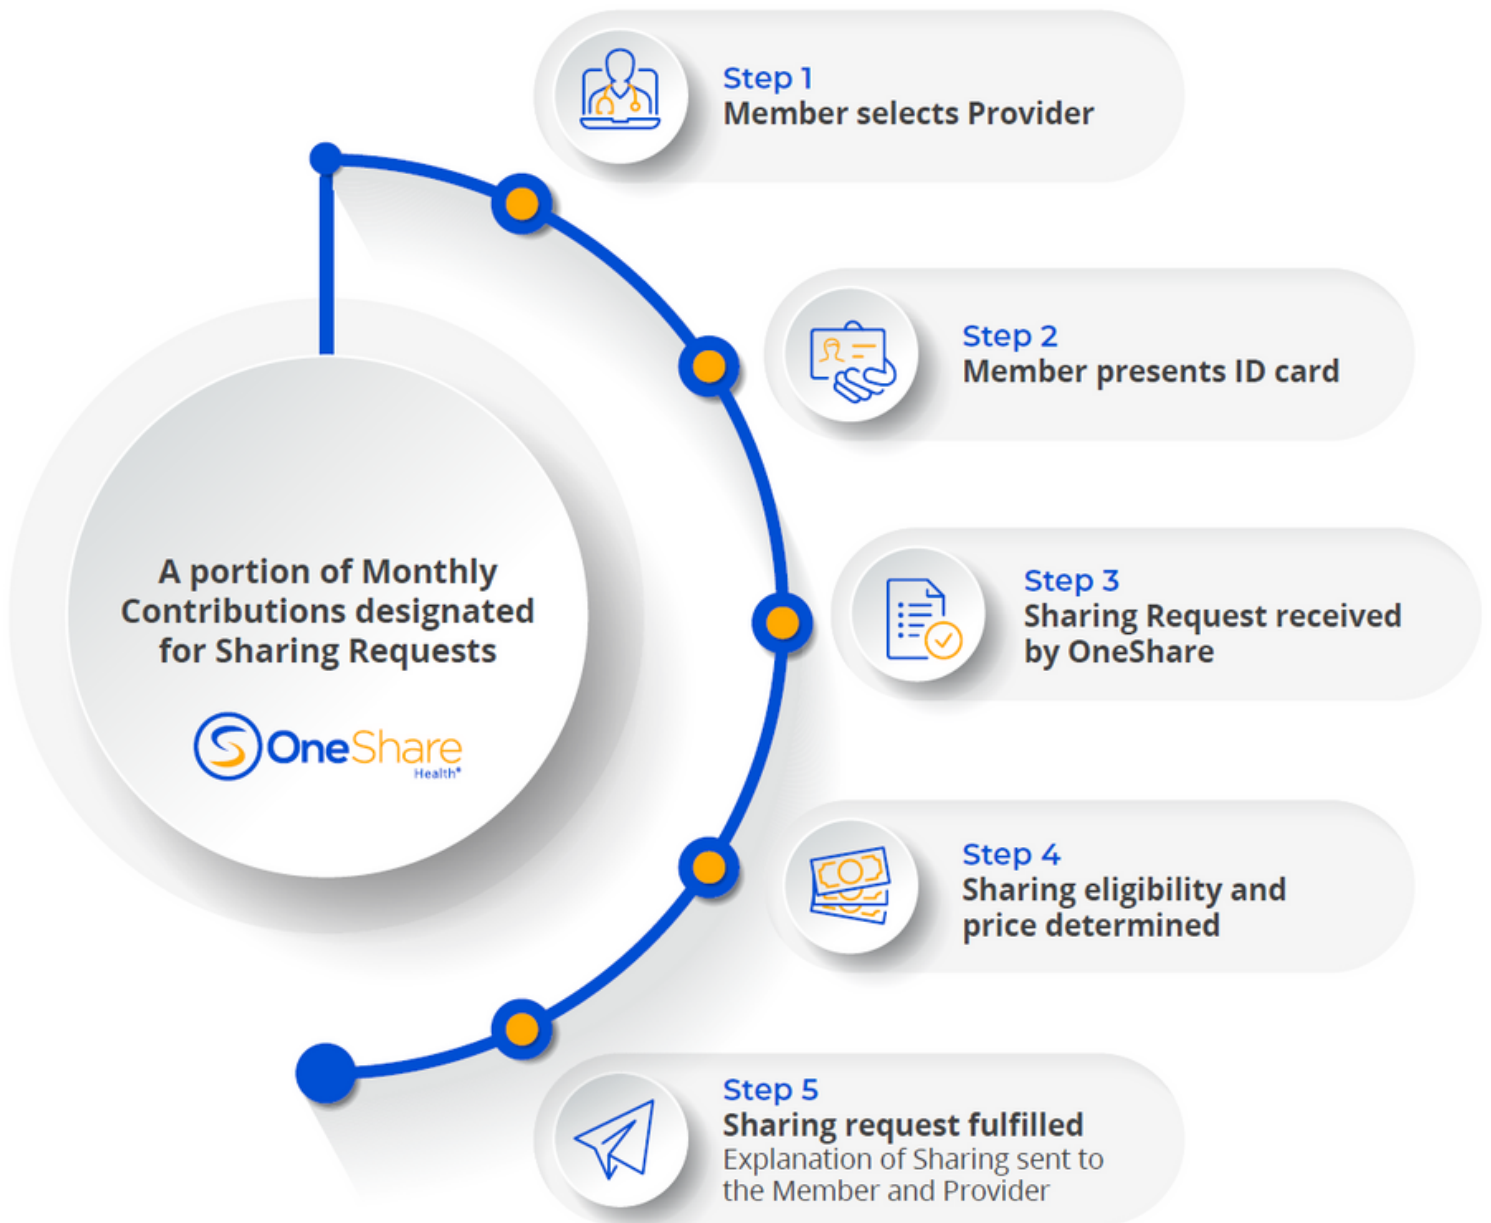

... in the power of prayer to save lives, to heal lives, and to unite our Members in common purpose and community, and we believe that prayer should be a fundamental practice of daily life.

I John 5:14; Philippians 4:6-7

How to Stretch your Healthcare Dollars

with OneShare Health's Care Selection Guide

Members of OneShare Health have access to a robust network of Providers through First Health.

Go to mychoice.onesharehealth.com to search for a Provider in the network. Seeking healthcare can be a daunting task that poses many questions – Is my Provider In Network? How much is it going to cost? Are my Provider charges reasonable? Will I be balance billed? We will help you be a good steward of your healthcare experience.

Step 1

Smart Virtual Care

For the Common Cold, Allergies, and Much More

Smart Virtual Care visits are always 100% shared at OneShare Health, meaning this is at \$0 additional cost to you. If you haven't downloaded the Clever Health App, now is a great time. Scan QR code to access Clever Health.

Through the Clever Health™ App, you'll experience greater convenience, faster visit times, more accurate diagnoses, and additional Prescription Discounts. It's your go-to for common ailments such as:

- Allergies
- Cold & Flu
- Digestive Conditions
- Ear Infection
- Fever
- Insect Bites
- Joint Aches & Pains
- Rashes
- Sinus Infections
- Skin Inflammation
- Urinary Tract Infections
- Asthma

For conditions more serious than those that could be resolved with a Smart Virtual Care visit through Clever Health™, but which are not Life-Threatening or Life-Altering, your next line of defense is your Primary Care Physician or an Urgent Care Facility. But, keep in mind that not all OneShare Programs provide sharing eligibility for these visits and, even when Eligible, sharing is limited to a certain number of visits per Program Year.

Step 2 Check Your Program Features

If your medical condition is a Life-Threatening or Life-Altering emergency, seek Emergency Care immediately. All OneShare Programs provide sharing eligibility for Emergency Care (for Eligible conditions only).

If your Program does not provide eligibility for Primary Care Physician visits, if you have exceeded your Program's maximum visits for Primary Care, or if you simply want a streamlined and easy way to access a Primary Care Physician, Virtual Primary Care visits are available through the Clever Health™ app for a very reasonable cost. Virtual Primary Care visits are Not Eligible for Sharing.

Step 3

Finding a Provider

We know how important it is to see the doctors you trust. Our Members have access to an easy-to-use Provider locator tool from First Health to find network Providers. Members are not required to use a network Provider, but you could end up with additional sharing responsibility if you choose an out-of-network Provider. To search for a Provider, go to mychoice.onesharehealth.com. If you need any help finding a Provider, contact OneShare Health Member Support at (855) 699-1274.

If you choose to go to an out-of-network Provider, contact OneShare Health so we can assist as you navigate the scheduling and pricing of your care. We want to help you avoid receiving a balance bill from your out-of-network Provider. If you do receive a balance bill from a Provider, contact OneShare Health immediately via email at correspondence@onesharehealth.com - be sure to attach the bill from your Provider in your email. Some Providers may refuse to negotiate the bill after services are rendered, which is why contacting OneShare Health before scheduling services is so important. Obtaining a discount from the Provider is much more likely before services are provided. If a Member chooses to see an out-of-network Provider, and the Provider refuses to negotiate the charged amount, the Member may be responsible for the balance remaining after the bill has been shared.

Comparing and Securing the best RX Pricing

At OneShare Health, we believe in giving you the freedom to choose the lowest price prescriptions that meet your needs. Here's how you can take control of your prescription costs:

Step 1: Before you fill your prescription, make sure you're registered for Rx Valet, Clever Health™, and WellCard Savings. This trio of options opens the door to your savings journey.

Sharing Example

OneShare Health Members share the cost of Eligible Medical Expenses. Depending on the Program and ISA amount, Members will pay a portion of the full Medical Expenses. Here’s an example referencing the Classic Basic Program.

OneSharesm Classic Basic

According to her Classic Basic ISA, Mary is responsible to pay the first \$5,000 of the bill. Once her ISA is paid, Mary then submits the remaining Eligible Medical Expenses for sharing by the OneShare Health Member Community. Here is a breakdown of her expenses:

ER, Inpatient Surgery, and Hospital Stay

Emergency Room Visit.....	\$7,500
Hospital Stay (four days).....	\$26,700
Surgeon.....	\$9,000
Anesthesiologist.....	\$3,000

Total Eligible Medical Expenses Submitted for Sharing.....\$46,200

Because Mary's visit became an Inpatient Hospitalization, her paid \$500 ER Visit Fee is credited towards her ISA.

The remaining expenses after Mary's \$5,000 ISA is met.....\$41,200
This amount is shared by all OneShare Health Members.

Mary's Responsible Amount.....\$5,000

The Guidelines, are not a contract for insurance. The Guidelines do not constitute a promise to pay or an obligation to share. It is each Member's responsibility to review the current Guidelines in their Member Portal. Eligibility will be determined based on the Guidelines in effect at the time of service. - The Member understands and accepts the disclosures presented in these Member Guidelines.
- The OneShare Health Care Sharing Program is not health insurance and is not a substitute for health insurance.
- There are no representations, promises, or guarantees that the Member's Medical Expenses will be paid.
- Enrollment in OneShare Health is voluntary, contributions for the sharing of Medical Expenses are voluntary, and Members are free to cancel Membership at any time.
- Any funds that the Member may receive for Medical Expenses do not come from an insurance plan, but are voluntary contributions by the other Members.
- The Guidelines, program details, and Individual Sharing Amounts may be adjusted at any time by OneShare Health.

Authorizations | Each Member of OneShare Health authorized the following upon enrollment:

- The first voluntary Monthly Contribution Amount to be processed immediately upon completion of enrollment or on a specified date prior to the Member's Active Date.
- OneShare Health or its designee to collect a voluntary Monthly Contribution Amount as a recurring monthly transaction until the Member requests otherwise, or the Membership is cancelled or terminated.
- OneShare Health to contact Providers to obtain the Member's medical records, and the medical records of all participants on the application with appropriate HIPAA authorizations.
- OneShare Health to contact the Member's Providers to negotiate on their behalf the cost of their Medical Expenses submitted for sharing.

Administration: Upon receiving an Eligible Medical Expense from a Member or Provider, OneShare Health will assign the Medical Expense for sharing in accordance with the Guidelines, less the amount required to be pre-shared (Individual Sharing Amount and/or Visit Fee). Voluntary Membership contributions are received monthly from each Member. A portion of each Membership contribution will be applied towards administration of the Health Care Sharing Ministry and charitable causes.

In any given month, the available sharing funds may or may not equal the amount of Eligible expenses submitted for sharing. If Eligible expenses exceed the available sharing funds to meet those needs, any of the following actions may be taken:

- A pro-rata sharing of Eligible expenses may be initiated, whereby the Members share a percentage of Eligible Medical Expenses within that month and hold back the balance of those expenses to be shared the following month, or
- The monthly Member contribution may be increased in sufficient proportion to satisfy the Eligible expenses. This action may be undertaken temporarily or on an ongoing basis. Administrative costs are subject to change by OneShare Health.

Annual Administration Fee: An annual administration fee of \$45 is due from each Primary Member upon their Program Year anniversary.

OneShare Health

Guidelines and Disclosures

Canceling Membership: A Primary Member may cancel their Membership at any time by calling 833-617-4273 or sending an email to Cancel@OneShareHealth.com. A cancellation request will be effective on the last day of the Member's current paid month of Membership. Cancellation via email may take up to 15 business days to process. Cancellation via phone call will be processed within 2 days.

Canceling a OneShare Health Membership does not meet the requirements for a Qualifying Life Event (QLE) under the Special Enrollment eligibility for the Affordable Care Act.

Refunds: A new Primary Member may receive a full refund of their first contribution, excluding the one-time application fee, if they submit a cancellation and refund request within the first 10 business days after their Active Date. However, if services have been utilized in that period, a refund will not be issued.

After the first ten (10) business days of Membership, a Primary Member may receive a refund of their Contribution Amount if they submit a cancellation request before the start of the corresponding month of Membership. If the Membership month has started, a refund will not be issued. Any refund will be processed as a credit to the same card or account provided for billing.

Primary Member Age Minimum: OneShare Health Programs are not available for children under the age of 18 as the Primary Member.

Contribution Change Based on Age: The Contribution Amount will increase at the billing cycle following the date the oldest Member reaches the next age bracket.

Contribution Change Based on Change in Residence: The Contribution Amount may increase/decrease in accordance with a change in the Primary Member's resident state. Any change to the Contribution Amount will be reflected in the next billing cycle following the date of notification.

Family Contributions: For families of 6 or more, there is a \$50 additional monthly contribution per Dependent.

Program Termination Due to Age: OneShare Memberships terminate at the end of the billing cycle in which the Member attains age 65. A Dependent will be removed from the Membership at the end of the billing cycle in which the Dependent reaches age 27, but may enroll in a new Program without starting over on applicable Waiting Periods or Program Maximum accumulations.

Program Termination Due to Non-Contribution: If a Member's monthly recurring contribution attempt is declined or fails, and has been attempted three times with no approved transaction, and the amount attempted remains unpaid on the next occurrence of the Member's billing day, the Membership will be reviewed for non-contribution and pending termination status. If a Member is placed in non-contribution status, a non-contribution notice will be issued, communicating a date that the Membership will be terminated if the minimum contribution is not submitted. If this date passes and the minimum contribution is not submitted, the Membership will be terminated as of the date communicated in the non-contribution notice. Termination due to failure to submit a monthly contribution does not meet the requirements for a Qualifying Life Event (QLE) under the Special Enrollment eligibility for the Affordable Care Act.

Reinstating a Membership: If a Membership is canceled or terminated, the Primary Member may submit a written request for reinstatement within thirty (30) days after the cancellation or termination date. To be reinstated, they must submit any missed contribution and a non-refundable application fee. A reinstated Membership will be treated as if it never ended. However, if a sharing need has occurred, and the sharing need is due to an accident, injury, or illness occurring or diagnosed during the lapse period, it will be treated as a Pre-Existing Condition and subject to a new 24-month Waiting Period. If the cancellation or termination of the Membership has lapsed for more than 30 days, reinstatement is not available. The individual may enroll in a new Membership, which will be subject to all limitations as any other new Membership, including Pre-Existing Condition limitations and other Waiting Periods, and will require payment of an application fee.

Coordination of Payments: The following will apply:

- If a Member participates in more than one Health Care Sharing Ministry, expense sharing may only be requested from one of the ministries at a time. The program where the Member has participated the longest will have first responsibility to review the Medical Expense for eligibility and make its determination. Should there be any Eligible but unshared amounts, those can then be submitted to the second ministry for sharing. Proof will be required of the amount shared by the first ministry for consideration under the OneShare Health program.
- OneShare Health facilitates the sharing of Eligible Medical Expenses only after any other responsible parties, including any insurance policy (of the Member or a liable third party), have paid. If another party is allegedly responsible or liable for a Medical Expense, OneShare Health may wait to process any sharing requests until that party has paid in full. If OneShare Health facilitates sharing of an expense for which another party is fully or partially responsible, the Member agrees to reimburse OneShare Health for all such sharing when the responsible party pays the Member for any part of the expense.

Other Available Assistance: To reduce the sharing burden on other OneShare Health Members, a Member must use financial assistance resources when available. Most hospitals are required to provide certain types of medical care for free or at a reduced cost. As uninsured patients, OneShare Health Members may qualify for financial assistance programs which are offered by the facility. If any other organization is willing to pay any portion of a qualifying medical bill, or the bill can be reduced through the provider, the Member must (a) accept this payment/reduction, or (b) forfeit sharing eligibility for the portion that the organization/provider would have covered.

Likewise, state and federal governments also allocate money toward healthcare for individuals whose incomes fall within a defined economic level. If government assistance is available, the Member must (a) accept it, or (b) forfeit sharing eligibility for the portion that the government program would have covered, unless the Member demonstrates that accepting the government assistance would violate his or her Biblical conviction.

Funds raised by crowdfunding for eligible Medical Expenses must be reported to OneShare Health and will be applied to reduce the shared amount.

Modifying Membership Size: To modify a Membership with OneShare Health, a written request must be made by the Primary Member. If the request results in an increase or decrease of the Contribution Amount, the Primary Member will be notified in writing. Acceptance of these new terms must be made prior to the next monthly contribution. If a refund is due, it will be processed according to the refund policy. Any submitted sharing request will be processed based upon the Date of Service and Program in effect on that date.

Membership Changes: Within the first 10 business days after the Active Date, a Primary Member may elect to make a Membership change without OneShare Health approval. After the first 10 business days after the Active Date, an upgrade in Program or Tier, or a decrease in ISA, will be subject to OneShare Health's review and approval. A Primary Member may elect to downgrade their Program or Tier, or increase their ISA, and the change will not require OneShare Health's review and approval. The Membership change will become effective at the next billing cycle following OneShare Health's approval. A Membership Update Request Form must be signed and submitted by the Primary Member. Adding or removing dependents to or from the Membership is not considered a Program change. One Program change is allowed without an application fee per Program Year. Any additional Program changes within the Program year will include an application fee.

Guidelines and Disclosures

Member Cooperation: When Member bills are submitted for sharing, the Member is committing to cooperate with OneShare Health staff and partners to determine if the bills are Eligible, to seek fair and reasonable prices from Providers, to document amounts the Member has paid to Providers, and to provide the information needed for OneShare Health to reduce the billed amount. A Member may be required to sign a release or submit additional information or documentation to determine whether a bill can be discounted or negotiated or is payable by another party. Obtaining discounted medical prices is often a time-sensitive matter. If a Member fails to respond to repeated requests for information or documents, the bill(s) will be Ineligible for Sharing.

Members can find information needed to complete Health Coverage Exemption Tax Forms via their OneShareBox dashboard under the section titled "Tax Information."
- For additional tax information and resources visit www.onesharehealth.com/healthcare-exemption-information.
- Members should consult a tax law and/or accounting expert regarding the applicability of any relevant individual health insurance mandates. OneShare provides general information but does not provide legal or accounting advice to Members.

OneShare and Subrogation: OneShare Health, for the benefit of Members, will be subrogated to any and all rights that a Member has against any and all parties responsible for causing the injuries for amounts Members provided to or for the benefit of the Member, including any and all first monies paid (or payable) to or on behalf of the Member and regardless of whether or not the Member has been made whole. OneShare Health, for the benefit of Members, will also be reimbursed for any and all amounts the Members provide to or on behalf of a Member as a result of injuries which result from the actions or liability of a third party, and/ or which result in a settlement, judgment or other award or recovery to or by a Member from a third party tortfeasor, including any person or entity liable for or indemnifying the Member. Dispute Resolution and Appeal

OneShare Health, LLC is a health care sharing ministry which brings together people of faith to assist each other by voluntarily sharing Medical Expenses. As a health care sharing ministry, OneShare Health does not contract with Members to provide or pay for medical care, does not offer insurance, makes no assumptions of risk, and does not promise or guarantee that Medical Expenses will be paid or shared by the Membership. Unpaid medical bills are always the Member's responsibility. OneShare Health strives to create a positive Member experience. However, for those unique situations where Members are concerned or dissatisfied, OneShare Health has created a dispute resolution process that is consistent with our shared biblical beliefs about resolution within our community rather than by civil courts (1 Cor. 6:1-8). By becoming a Member of OneShare Health, each Member agrees to use the following Dispute Resolution and Appeal process as the exclusive means for resolving all disputes, including legal disputes, and to not file a lawsuit. The Member agrees not to engage in litigation against OneShare Health, its affiliates, nor its employees or directors for any reason related to health care or Membership.

The OneShare Health Dispute Resolution and Appeal process is as follows:

1. Call OneShare: Many concerns or questions may be resolved by calling us directly. OneShare Health strives to provide first class Member service, and we want to know immediately if you are not completely satisfied. Before submitting a written dispute, a Member must first attempt to resolve the issue with the applicable Department within OneShare Health.

2. Written Dispute: If you are unable to resolve an issue to your satisfaction by calling OneShare Health, you may file a written dispute within 60 days after the act or decision giving rise to your dispute. Disputes may be submitted in three ways:

1. By completing OneShare Health's Member Dispute Form and submitting it to Dispute@onesharehealth.com.
2. By completing the Dispute Form and mailing it to OneShare Health, Attn: Disputes, P.O. BOX 825, Uniontown, OH 44685.
3. By going online to www.onesharehealth.com/memberdisputes and downloading and submitting the form per the instructions above.

Any other method of communication will not be considered a dispute for purposes of this Dispute Resolution and Appeal process. The Dispute Form must be completed in full and incomplete disputes will not be considered. OneShare Health will confirm receipt of your dispute within 3 business days after submission. If the form is incomplete or more information is needed, OneShare Health will notify you. You will receive a response within 60 days after your dispute is accepted.

3. Appeal: You may appeal an adverse determination of your written dispute by submitting OneShare Health's Appeal Form to Appeals@OneShareHealth.com, or by mailing the completed Appeal Form to Attn: Appeals, P.O. BOX 825, Uniontown, OH 44685, within 30 days after the determination of your dispute. You must include a written summary of your appeal, state why you disagree with the previous determination, and include any portions of your Member Guideline which may be applicable.

Dispute Resolution and Appeal

3. Appeal (Continued): The Member will be able to attach any documents they feel are necessary to provide complete information to the OneShare Health Appeals Committee. The Appeals Committee will consider the appeal within 45 days after submission. Appeals of Pre-Notification determinations will be expedited.

4. Arbitration: If the Member is unsatisfied with the decision of the OneShare Health Appeals Committee, the final option is to submit the dispute to Arbitration in accordance with the Arbitration Agreement which each Member signs upon enrollment. The Member may submit the dispute for arbitration with the Institute for Christian Conciliation (ICC) or the American Arbitration Association (AAA). The Member will be responsible to bear one-half of the fees of your selected arbitration program (ICC or AAA), and all of your own incidental or legal costs. The arbitration shall be held in Dallas, Texas unless you and OneShare Health agree to a different location. One arbitrator shall preside over the dispute and shall be selected by mutual agreement between the Member and OneShare Health. If the parties cannot agree on an arbitrator, the selected arbitration program (ICC or AAA) will appoint the arbitrator.
