A PRE-CERTIFICATION DOES NOT GUARANTEE PAYMENT AND DOES NOT SUPERSEDE ANY PROGRAM GUIDELINES OR LIMITS.

Pre certification eligibility is not a determination of medical necessity, it is a review to determine if medical services meets member's program guidelines. All treatment decisions are between the member, the patient and their healthcare provider. All shared services determinations are subject to eligibility at the time of the service and all terms, limitations and provisions of the program documented or membership.

Please note if we do not receive the requested records within 30 days of request we may deny pre certification for lack of records. Eligibility reviews and the determination for eligibility will be based on the member's program guidelines, as outlined in the Member's guidebook, which can be found online at <https://www.onesharehealth.com/en/health-sharing-guidebooks>.
